TS Series

1' x 4' Specification Troffer

DESCRIPTION:

The TS series of specification grade, high performance luminaires are designed for general illumination in commercial, industrial and retail lighting application. The 4 1/2" deep, painted after fabrication (PAF), housing offers superior light performance and diffusion.

CONSTRUCTION:

Hot dipped galvanized uni-body construction with built-in tabs for structural integrity. Specific body design for each lamp configuration limiting holes for a streamlined design. Oversized access plate for ease of installation. PAF for consistent finish, safe handling, and corrosion resistance. Baked white enamel provides a high reflectance factor. Built in earthquake/hurricane clips. NEMA type G (Grid) standard. All lamps may be installed or removed in any order, 3 3/16" lamp to lens for better light dispersion. All fixtures are 100% tested at the factory.

ELECTRICAL SYSTEM:

T8 Ballast Information:
Standard ballast is electronic instant start, thermally protected, resetting, Class P, non-PCB, UL listed, and sound rated A.
T5 Ballast Information:
Standard ballast is electronic program start, thermally protected, resetting, Class P, non-PCB, UL listed, and sound rated A

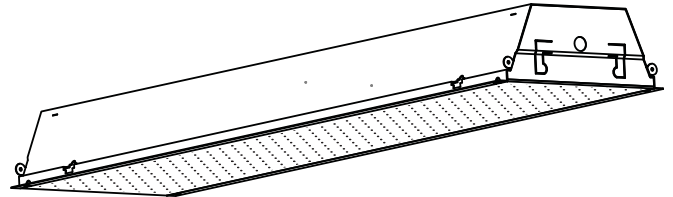

LISTING:

Fixtures are UL Listed and suitable for damp locations.

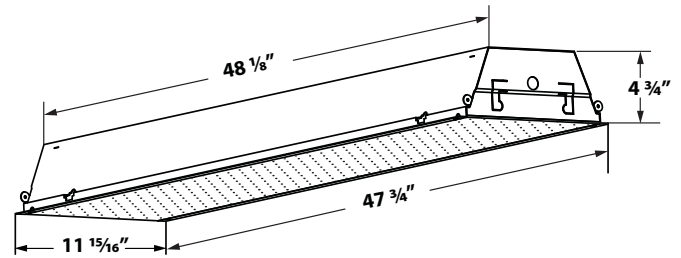

WARRANTY:

Guaranteed one year from the purchase date of the product, against mechanical defects in manufacturing.
